TRAYS:

Storage - Staging - Organizing - Protection - Transport

Trays are ideal for the protected and organized transport of components. The precisely fitting fixtures are also a basic requirement for automated handling in the production line. Each tray can be precisely adapted to the components, ensuring efficient storage and transport logistics.

DIMENSIONS

Max. 1000 mm x 1300 mm

MATERIAL THICKNESS

Min. 0.3 mm
Max. 8 mm

MATERIALS

ABS, ABS/TPU, PET, PP, PS
Free choice of colors / color stripes
